### Scorpio 10/23-11/21

Your thoughts are so loud today that you might believe everyone can actually hear what you're thinking. Red-hot Mars fires up cerebral Mercury in passionate Scorpio, coercing you to speak your mind before considering the consequences. Your honesty is admirable but not if you hit below the belt. Luckily, you have the power to transmute fear into love, enabling you to choose the most creative path in each of your interactions. Think with your heart for the best results.
